

SUPPLY CHAIN SECURITY POLICY OF MANFISA WIRE S.L.

The management of MANFISA WIRE S.L., a company dedicated to the drawing of aluminum and its alloys and the manufacture of aluminum products for the steel deoxidation, establishes the security of the supply chain as a fundamental priority. To this end we establish objectives and responsibilities which guarantee the protection of assets and available information, as well as the integrity of our products throughout the entire supply chain.

The main objectives of our supply chain security policy are the following:

- To protect the confidentiality, integrity and availability of data and critical assets at all stages of the supply chain.
- To identify and mitigate security risks in the supply chain to prevent disruptions and financial losses.
- To establish security standards and requirements for our suppliers and supply chain partners.
- To promote security awareness and training among all employees and stakeholders involved in the supply chain.

For all the employees, suppliers and partners involved in the supply chain to become acquainted with this policy, it is published on the Manfisa Wire S.L. website. [www.manfisa.com].
